Dear Sir, Madam,

I'm a knowledgeable Web & Mobile Full-Stack Developer with in-depth knowledge of PHP, JavaScript, Node. js, Vue.js, Flutter, UI Design and React.js. Skillful in developing, optimizing and reworking systems to meet specific customer requirements. Expertise in writing codes in various languages, developing flowcharts and layouts and integrating software components.

Throughout my career, I have been acknowledged as a solution-focused professional with the ability to design and develop innovative applications using advanced technologies. In my current role as a Full-stack Developer working as a freelancer, I collaborate closely with my clients to develop and implement 50+ full-stack web & mobile applications, ensuring optimal functionality, quality,reliability and satisfaction. Please consider the following highlights of my career

- Successfully designed and delivered 20+ mobile applications and REST APIs to support 5 million requests monthly

- Designed and built clones of most popular applications like uber, uber eats, instagram etc.

- Contributed to a major transition from PHP to Node.js, which enhanced the overall speed and quality of new product development by 30%

I would greatly appreciate the opportunity to meet with you and further discuss my qualifications and your requirements in detail. Thank you for your consideration, and I look forward to speaking with you soon

Sincerely,

Adolphus Yaw Okrah
